**Subject:** RTC Document for *Wolbachia* FIFRA Section 5 (*Wolbachia pipientis*, wAlbB Strain in *Aedes aegypti*; 88877-EUP-2)  
**Attachments:** BPPD Response to Comments\_88877-EUP-2\_08-24-2016.docx

All:

Thanks to everyone for their help in getting a response assembled for the comments submitted for the *Wolbachia* FIFRA section 5 Notice of Receipt. I couldn't have reached this point without your significant contributions. It's taken some time for me to pull the response to comments (RTC) document together, but I finally got something over to OGC last week. I am still going back and forth with OGC on a few items, but I wanted to give you a preview of what will be sent around for your concurrence/signature soon (see attached). Management is really pressing to get this done; thus, as soon as the OK from OGC is received on the RTC document, which may be as early as today, I will likely be coming around for your concurrence/signature.

Due to comments received from OGC and others above me, things have changed in the document since I first started drafting it. Also, some of the information that you provided to me may not be applicable to this application and will be put into another RTC document for the FIFRA section 3 *Wolbachia* application. (Yes, another one☺) I wanted to be sure to mention these two items, in case you are wondering why it looks like I didn't include certain information.

Nothing needed from any of you at this point. If you get a chance to read the document and notice any errors (in the response portions of the document), please let me know so I can fix them.

Thank you!  
Jeannine
